

Mercury Products

Don't trash them!

Recycle them!

FACT: Mercury is a toxic metal.

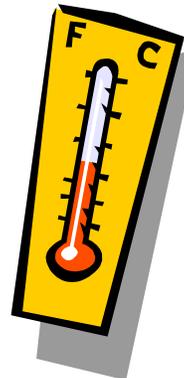

When it is released into the air it can accumulate in people and wildlife.

It's the Law: The Massachusetts Mercury Management Act prohibits the disposal of products containing mercury in solid waste. (MassDEP 310 CMR 76.00)

What should Chathamites do:

Drop off these items at the Chatham Town Annex building (261 George Ryder Rd.) and receive a FREE replacement:

- **Thermostats**
- **Thermometers**

Bring all other mercury products to the Chatham Transfer Station:

- **Florescent light bulbs**
- **Button cell batteries**
- **Flat panel display screens**

For information on mercury products found in the home and how to recycle them, visit www.mass.gov/dep or call the Mercury Hotline at 866-9-MERCURY
