

Commercial Fishing Captains

We want your feedback!

Earn up to \$100

The Northeast Center for Occupational Health and Safety, in partnership with Johns Hopkins University and UMass Amherst, is studying how fishing vessel operators use mobile apps to help with safety issues.

Participants will complete one or two questionnaires about their fishing experience, safety concerns, and use of mobile apps. Some participants will be asked to try a specific mobile app. Each questionnaire takes about 30 minutes. Participants will receive a \$50 gift card for each questionnaire completed.

Eligible participants are commercial fishing vessel captains fluent in English who fish with a crew and who have an iPhone, iPad, iPod Touch, or an Android phone or tablet.
