

**COMMONWEALTH OF MASSACHUSETTS  
TOWN OF CHATHAM**

**WARRANT FOR ANNUAL TOWN ELECTION**

**Barnstable SS.**

To the Constables of the Town of **CHATHAM**

**GREETINGS:**

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Elections to vote at:

**PRECINCT ONE (1)**

**CHATHAM COMMUNITY CENTER, 702 MAIN STREET**

on **THURSDAY, THE TWENTY-FIFTH DAY OF JUNE, 2020**, from **12:00 P.M. to 6:00 P.M.** for the following purpose:

**To cast their votes in the Annual Town Election for the following:**

**BOARD OF SELECTMEN (Three Year Term)  
MONOMOY REGIONAL SCHOOL COMMITTEE (Three Year Term(s))  
HOUSING AUTHORITY (Five Year Term)**

**QUESTION 1 – DEBT EXCLUSION  
TRANSFER STATION IMPROVEMENTS**

Shall the Town of Chatham be allowed to exempt from the limitations of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the purpose of paying costs of related to designing, engineering, permitting, construction and necessary modifications relating to site improvements to the Transfer Station facility located at 97 Sam Ryder Road to bring the facility into compliance with American Disability Act (ADA), Architectural Access Board (AAB) and Occupational Safety and Health Administration (OSHA) standards and all other costs incidental and related thereto?

**QUESTION 2 – NON-BINDING PUBLIC ADVISORY QUESTION  
FOR INCREASED SECURITY AT THE PILGRIM NUCLEAR POWER STATION ON CAPE COD BAY IN  
ORDER TO PROTECT THE PUBLIC AND THE ENVIRONMENT**

Whereas, the high level nuclear waste will remain at Pilgrim for decades or more in dry casks that present safety concerns, each holding half the radioactive cesium released at Chernobyl;

Whereas, the spent fuel pool remains full and is vulnerable to terrorist attack or accident that could cause radioactive contamination rendering our communities uninhabitable;

Whereas, due to lack of proper security on the property, there has been open access beyond the posted “No Trespassing” signs to within line-of-sight of dry casks and spent fuel pool;

Whereas, during decommissioning, the Nuclear Regulatory Commission has abdicated its responsibility to protect the public by approving exemptions requested by new Pilgrim owner Holtec for reduced offsite liability insurance, cybersecurity, and offsite emergency planning;

Whereas, safety is a human right;

Whereas, citizens of the Town of Chatham find this to be an unacceptable threat to our health and safety and must be resolved in the most timely manner;

Therefore, shall the people of the Town of Chatham direct the local government to communicate to Governor Baker and the State Legislature to employ all means available to ensure that: (1) spent nuclear fuel is secured in better quality dry casks and hardened onsite, storage; and (2) spent fuel pool and casks are protected with heightened security to prevent intrusion in order to protect the health, welfare, and economic interests of the Town of Chatham and its inhabitants and visitors?

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.
