Shareen Davis, Chair, Board of Selectmen
Town of Chatham
549 Main Street
Chatham, MA, 02633

Dear Ms. Davis,

Congratulations on the Town of Chatham's designation as a Green Community! This designation is quite an achievement and reflects the hard work and tireless efforts your community has exhibited in meeting the Green Communities Designation and Grant Program's five criteria. Meeting these criteria is proof of Chatham's position as an energy leader in Massachusetts, poised to reduce its energy costs, improve the local environment and implement energy efficiency and renewable energy projects with funding through the Green Communities Designation and Grant Program. The purpose of this letter is to confirm your Green Community designation in writing and provide you with program information and activities relevant to you as a newly-designated Green Community.

Along with this designation, the Town of Chatham has been awarded a grant of \$134,620. A formulaic allocation has been established that consists of a base grant per community of \$125,000, plus an amount adjusted for population and income. To receive this grant award, the Town of Chatham will be required to submit a project application proposing how these funds will be spent. The Green Communities Division ("Division") will begin accepting grant applications on February 10, 2020 and the deadline for designation grant applications is 5pm on February 28, 2020. The Green Communities grant application guidance with submission instructions is provided as a separate attached document. Please be sure to work with your

Regional Coordinator, Lisa Sullivan at 508-946-2838, to identify potential energy projects and coordinate with vendors and utility companies.

SIGNS

Each designated Green Community receives four (4) 12” x 18” aluminum signs to be displayed in your community. While you are free to place these signs wherever you choose within your community, the Division recommends installing them in highly-visible, high pedestrian traffic areas (such as near municipal offices, schools, and downtown business districts, and/or within parks and along walking paths). If installed on roadways, the Division recommends hanging them at approximately eye-level for motorists, to maximize readability.

CERTIFICATES

Each Green Community will receive an official certificate for display pronouncing the municipality’s designation as a Green Community and including the designation date and signatures of the Governor, Lieutenant Governor, Secretary of Energy and Environmental Affairs, and Acting Commissioner of the Department of Energy Resources.

Again, congratulations on becoming a Green Community. The Division looks forward to working with the Town of Chatham to meet the objectives of the Green Communities Designation and Grant Program and to support you in meeting your local energy goals. Thank you for your commitment to a cleaner energy future for Massachusetts.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Sullivan".

Brian Sullivan
Director, Green Communities Division
