Address		Email	

Applications Must be accompanied by:

1. Two (2) sets of engineered plans showing the lot and buildings to be served and the layout, locations and depths, or elevations, of existing piping and underground structures and the proposed sewer piping and other appurtenant structures (manholes, clean-outs, grease traps, etc. as applicable).
2. Two (2) sets of existing, and proposed if applicable, floor plans with dimensions.
3. An application fee of \$100.00.

ACKNOWLEDGEMENT (To be completed by applicant or applicant's agent)

1. The undersigned agrees to pay all costs related to the connection of the building to the stub or sewer main.
2. The undersigned agrees to conform with all laws, rules, regulations and ordinances relating to pumping, sewers, and sewer use now in force, or which may be adopted by the Town of Chatham in relation thereto and that no modifications or extensions of the service piping may be performed without prior approval of the Department.
3. The undersigned further agrees to provide access, at all reasonable hours, for the purpose of inspection by authorized agents of the Town and agrees to maintain the building sewer at no expense to the town.
4. The Applicant's Engineer or Installer is responsible for field verifying the location and/or elevation of the lateral prior to work start.
5. The septic system shall not be abandoned until the sewer connection is completed and approved unless prior written approval is received from the Health Division.
